# Outline – Social Plugins

- Social Links
- Social Sharing
- Flickr
- Instagram
- YouTube
  
- *Twitter*

# Social Links

- Display links to your various social sites
- <http://tinyurl.com/n7hssh>

# Social Sharing

- **Options**
  - Directly with site services (Twitter, Facebook, Pinterest, etc.)
  - Using a sharing aggregator (ShareThis, AddThis, etc.)
- **Performance benefits**
- **Easy user experience**
- **<http://tinyurl.com/n7hsshs>**

# Flickr

- Display photos from a specific user
- Use a template to control display based on JSON data
- Callback functions to integrate with slideshows, etc.
- <http://tinyurl.com/lkzyto3>
- Can search for tags on images
- <http://tinyurl.com/lruujwl>

# Instagram

- Display photos from Instagram
- Pass `user_id` and `access_token`
- <http://tinyurl.com/n7swztb>

# YouTube

- Player for embedded video and show playlists
- Hide chrome, controls
- Full screen
- <http://tinyurl.com/p93fsr9>

# Twitter API Change

- **A HUGE number of very useful Twitter plugins stopped working June 2013**
  - Twitter v1.1 requires authentication (OAuth)
- **Some server side proxies (often PHP)**

# Summary

- **Social Links**
- **Social Sharing**
- **Flickr**
- **Instagram**
- **YouTube**
